Perhaps with only one *Dash* this year to open the club time trial season, and a favourable if cool westerly wind on the night, 31 riders were drawn to the 2.8 mile blast back to Middleton, despite dark and showery conditions. Michiel Vaal was fastest Rocko, as he had been at last year's end-of-season Dash, but this time also fastest rider on the night from guest rider Joel Lewis and second fastest Rocko, Branislav Mosnak. Both impressing on road bikes. Not many seconds behind, Steve Wickham, third fastest Rocko (and 4th overall) continued his impressive progress into time trialling. Great to have several young riders including first rides for Callum Pinkerton, new member Reece Pollen and not forgetting mum Tania Pinkerton.
